

# Goals of Diabetes

## Moving to Secondary School

**I'm moving to secondary school soon, so I need to tell my new school that I have type one diabetes so that they can help.**

**I need to discuss this with my diabetes team so they can help me with any training needed.**

**I'm going to practice taking public transport.**

**I'm going to cafes to help me get ready for secondary school so I can carb count the food.**
